

ETCAL Level 2 Certificate in Preparation for Military Service
603/3456/3
Structure

Qualification aim

This qualification informs and guides learners through the process of understanding the requirements and commitments required, along with an introduction to the skills and knowledge expected when entering military life. It provides a structured individualised route with knowledge and skills to prepare for candidates for selection for potential entry to the military services.

Qualification introduction

This qualification is made up of five mandatory units that will help learners to develop an understanding of the sector as well as significant areas of skills, knowledge and performance that are required for success at initial selection for military life. Its mandatory units are a step by step process to introduce learners to the values and expectation of the selected route and how this can be utilised in a range of circumstances. Learners who complete the units will be equipped with the knowledge, skills and resources for selection to the military services.

Assessment

In order to achieve this qualification a learner must complete all units as mandatory. The assessment criteria determine the standard required to achieve each unit and allow for a variety of assessment methods to be used as appropriate to the environment the qualification is delivered in. There is no examined assessment element in this qualification.

Progression

On completion of this qualification learners will be prepared to progress to a variety of careers within the armed forces, specialist level 2 or 3 qualifications in a range of occupations within the service would be suitable, this could include but not limited to apprenticeships.
