

ETCAL Level 4 Lean Six Sigma Black Belt
603/7472/X

Qualification aim

This unit provides the detail required to achieve a Black Belt in Lean Six Sigma Techniques and sets out a structured approach through the stages to be completed.

Qualification introduction

A learner may already have or be working towards the **Level 4 Diploma in Business Improvement Techniques or Level 4 Improvement Practitioner Standard**. If they achieve either of these qualifications, they may be able to map their achievement to this **Black Belt** using the Qualifying Principles and Descriptors below. If a learner is not working towards a relevant qualification, they will be required to meet the specifications as detailed below.

Assessment

To achieve this **Black Belt** the learner needs to demonstrate that they can meet all the Qualifying Principles. The descriptors determine the standard required to achieve the unit, through a variety of assessment methods appropriate to the assessment environment.

Progression

On completion of this qualification learners will be in a position to progress to a level 5 option.

Achievement

Learners must complete the one mandatory unit to achieve the qualification.

Unit Reference Number		H/618/7052
